

# HEAVY HAULING AND TRANSPORTATION

## TRUST WHISSELL FOR...

### HEAVY HAULING AND TRANSPORTATION

If you're looking to transport large or heavy loads for a construction or mining project, we can help. Our team of drivers and dispatchers have moved loads of every size and weight to some of the most inaccessible locations in Western Canada. We can get your load where, and when, you need it – every time.

### Why work with Whissell?

#### EXPERIENCE

We've been in the heavy hauling business since 1970. Known for long term driver retention, ongoing driver training and commitment to safety.

#### EQUIPMENT

16 power units Tandem and Tri-drive Units, 40+ trailers and 6 pilot vehicles. Multi 8 to 76 wheel combinations, 8-10 axle combinations, all with advanced tracking systems.

#### CAPABILITIES

We can haul 100 tonnes+ over-dimensional loads. We have transported large loads town to town and to extremely remote areas throughout western Canada and the NWT in extreme conditions.

#### Our heavy hauling expertise includes:

- Civil Infrastructure
- Oil & Gas Sector
- Industrial Mining Equipment
- Renewable Energy – Wind & Solar
- Forestry Equipment
- Emergency Hauling
- Oversized loads
