

# WASTE AND RECYCLING MANAGEMENT

## TRUST WHISSELL FOR...

### WASTE AND RECYCLING MANAGEMENT

Whissell is one of the biggest landfill services companies in Alberta and we are looking to grow to the largest in Western Canada. Our experience and equipment fleet supersedes any of our competition. We have a proven track record in extending landfill lifecycles, and improve operational efficiencies through increased compaction densities and effective streamlined operations.

#### Why work with Whissell?

##### SAFETY FIRST

Whissell has a leading edge Safety program actively engaging our entire work force.

##### EXPERTISE

We have a dedicated team of experienced personnel with diverse backgrounds and experience. We been working in landfill since 2005 giving us the experience you need.

##### VALUE ADDED

We invest in new technologies to minimize our impact optimizing your savings through project efficiencies and an industry leading Quality Control Program.

#### Whissell landfill services include:

- Waste management and operations
